

## Colorado Healthcare Endorsement Statement

*In order to have a health care system that will:  
include everyone,*

*assure choice of providers that we can keep,  
cost Coloradans less than we now spend,  
and give us higher quality health care,*

*I endorse and support the establishment (through the Colorado Legislature, or if needed, through a  
Ballot Initiative) of a single system to pay for health care for all Colorado residents.*

*This system shall be presented to the Colorado voters for approval, and the design would be required to:*

- Make health care secure and affordable for all*
- Maximize choice of providers*
- Allow medical decision making between provider and patient*
- Be fiscally responsible and sustainable*
- Be consumer and provider friendly*
